mid-Jan 53

Material contains information affecting the national defense
of the United States within the meaning of the espionage laws,
Title 18, USC, Secs. 793 and 794, the transmission or revelation
of which in any manner to an unauthorized person is prohibited
by law.

25X1X6

We have had the three following requests for reprints and photographs from
Palghat, Malabar. We know of no special photographic activity in that area and
are curious as to the significance, if any, of these three requests from
one city.

2. In November 1950 K N Abdul Jabbar, 8283 Robinson Road, Palghat, requested
copies of Vols 1, 2, 3, 4, and 5 of our Abridged Scientific Publications, a
few large retouched copies of a damaged autographed photograph of Prince
Louis de Broglie and a good color photograph of our librarian. He was
especially interested in papers dealing with the quantum theory. We sent
him a copy of Vol 3 but were unable to take care of the other requests. We
previously sent him a copy of Vol 30 of the Publications.
3. We received a request dated 8 Nov 51 from Dr M Ahmed Sahib, Near Railway Crossing
at Mission Road, Palghat City, for Vols 26, 29, 30, 31 of our Abridged Scientific
Publications and photographs of 13 members of our scientific staff. We sent
this material.
4. On 19 Dec 52 we received an undated letter from Miss N Zubeida, Robinson Road,
Palghat, requesting copies of Vols 21, 24, 27, 30, and 31 of our Abridged
Scientific Publications, photographs of nine of our research men and a photo-
graph in color of our Research Building. We sent copies of Vols 21, 24, 27,
30, and 31 and a photograph of the Research Building but no pictures of the personnel.
